THE QUICKEST & EASIEST SNAP TRAP

TRY AND COMPARE

Introducing the new Revolver
Rodent Trap from RCS Rodent
Control Solutions.

Quick setup for rapid deployment
scenarios. Take your rodent control
to the next level with RCS Revolver,
proudly distributed by Garrards Pty
Ltd.

RCS is an Australian owned
and operated business.

No Touch System

Easy to use:

- + No need to see or touch the caught rodent.
- + Once mouse is caught simply dispose of the trap and rodent.
- + Catch indicator shows when trap is activated, discharged or un-set with easy to view colours and pictures.
- + Option to add attractant to increase catch.

X2
USE IT INSIDE
A TIPPER STEEL
MOUSE CATCH

Deployment Options

Designed for rapid deployment in commercial and domestic areas. These disposable revolver traps can be used on its own or within Tipper Steel Mouse Traps with two (2) traps.

These units are highly cost effective and can be used in every rodent control program set by any Professional Pest Manager in Australia.
